What is Christian SRE?

Special Religious Education (SRE) also known as Scripture, is the time set aside in Public Schools where parents/carers can choose to have their children educated in the faith of their family and cultural background. The NSW Education Act (1990) allows for the local community to make this contribution to public education, via annually approved providers, responsible for authorising age-appropriate lessons, training and authorisation of teachers.

Christian SRE begins with the understanding that we were created by a loving God, who calls us to fullness of life. Children are encouraged to see themselves as God sees them, full of gifts and potential to be a force for immense goodness in our world. As such, Christian SRE, contributes to positive self-image, identity and resilience, forming young people in their understanding of the morals and values from the teaching of Jesus.

The Christian SRE program takes various forms in different schools and regions. In some schools individual denominations provide specific class options (E.g. Anglican, Catholic, Orthodox). In other schools Churches unite their efforts to deliver a common curriculum in combined Christian SRE classes.

Who teaches SRE?

SRE teachers are people from local Christian churches, some are paid, most are volunteers. All SRE teachers have mandatory working with children checks, as well as ongoing training in child protection and classroom management, lesson preparation and the appropriate use of authorised curriculum materials.

What is taught?

Christian SRE teachers follow an authorised curriculum enabling students to question, explore and discover more about their Christian faith by examining the Word of God, church teaching and the faith experience of others. It helps students to grasp what it means to live well, to be in relationship with God and to embrace a life of service of others.

SRE teachers are encouraged to use a variety of teaching activities including writing, craft, small groups, class discussion, songs, drama, storytelling, games and new learning technologies. Every SRE

provider must have on their website a link to the outline of the authorised curriculum they use.

How do we choose SRE?

Schools regularly inform parents/carers of available SRE options and a participation letter is included in the enrolment pack. The participation letter informs parents/ carers of the SRE options available and gives parents/carers the choice of which SRE class the student may attend e.g. Anglican, Catholic or Combined Christian SRE. If a parent/carer is unsure or wants an update, they can contact the school directly.

A parent/carer can also alter their choice at any time by sending a note to the school Principal. SRE is all about choice and SRE providers fully support the right of parents/carers to choose any of the SRE options, or non-SRE options, including private supervised study or Special Education in Ethics classes where available.

Communication

On occasion and with pre-approval from the Principal, teachers may send information home about local church services, annual seasonal celebrations, access to sacramental or church programs, as part of ongoing communication with parents/carers. There are clear processes available at a school level and via SRE providers to enable parents/carers to have dialogue, to ask questions or to make a complaint if they have concerns about SRE.

Why Choose SRE?

Christian SRE helps students to 'become successful learners, confident and creative individuals, and active and informed citizens. It aids them to 'have a sense of self-worth and personal identity that enables them to manage their emotional, mental, spiritual and physical wellbeing'.

The NSW Government published the independent SRE review findings and recommendations in 2017. These highlighted how SRE positively contributes to students' understanding of their cultural heritage, is an avenue for their spiritual care, builds tolerance in schools, promotes multiculturalism, contributes to a well-rounded education, and connects schools with their local community.

Unit/Topic	God is our Creator who loves us and saves us.
Duration	Term 1 (1–10 weeks)
Focus	These lessons will help students to understand how we learn about God through the Bible and how God provided a way for us to know him. Each lesson will encourage students to understand that from the beginning, God had good plans for his world and created people to rule it obediently. God holds people accountable for rejecting his ways, yet also provides the way for people to be saved from the consequences of this rejection. For all who trust in God's salvation there is the promise of a renewed relationship with God forever.
Outcomes	See Appendix 1 for Stages 1–3

Term 2	A1: Trusting God
Unit/Topic	God is faithful and worthy of our trust.
Duration	Term 2 (1–10 weeks)
Focus	These lessons will help students understand the faithfulness of God to his people as they consider the lives of various Old Testament people who were called to trust God, often in difficult circumstances. Each lesson will encourage students to appreciate the extent of God's love and mercy for all people of the earth. God deals patiently with his people and works powerfully to save those who trust in him. Remembering the faith of others can encourage the students to place their faith and trust in God.
Outcomes	See Appendix 2 for Stages 1–3

Term 3	A2: Having faith in God
Unit/Topic	Jesus teaches us to trust him by explaining why and how we should put him first in our lives.
Duration	Term 3 (1–10 weeks)
Focus	These lessons will help students to understand the importance Christians place in trusting Jesus and accepting his invitation to be in his family forever. Students will study parables told by Jesus and learn that these stories have both—a literal meaning and a deeper meaning. The deeper meaning addresses how God wants each of us to put him first in our lives and trust Jesus, who died and rose again to save us from our sins. Students will also examine conversations Jesus had with various people and will learn to identify the different responses that people have to Jesus' offer of salvation. Students will end this term with Matthew, who gladly accepts Jesus' offer to follow him, and will learn that when people ask for forgiveness, God forgives them through Jesus.
Outcomes	See Appendix 3 for Stages 1–3

Term 4	A2: Trusting and following Jesus
Unit/Topic	The Holy Spirit enables followers of Jesus to live God's way and tell others the good news about Jesus.
Duration	Term 4 (1–10 weeks)
Focus	These lessons describe what it looks like to have faith in Jesus. By exploring the meaning of faith, students will better understand how Christians trust and follow. Students learn about the Holy Spirit, and how he changes lives, by examining different Christians from the New Testament. Students will discover the role that Christians have in telling other people how they can be forgiven through Jesus' death on the cross. The Christmas lessons emphasise that the birth of Jesus means that the Saviour has come to the world to bring forgiveness for sins.
Outcomes	See Appendix 4 for Stages 1–3

Connect B Scope and sequence

Term 1	Who is Jesus?
Unit/Topic	Jesus is God's powerful Son who fulfils God's promises.
Duration	Term 1 (1–10 weeks)
Focus	These lessons will help students discover who Jesus is from the Gospel of Luke. Students will continually be seeking to answer the question, 'Who is Jesus?' Beginning with Jesus' birth and childhood, students will focus on specific events in Jesus' life which show God's power. Jesus has demonstrated that he has power over nature, power to forgive and heal, and power over death—in fact, he has defeated death and sin. Ultimately students will discover that the Bible teaches that Jesus is the powerful Son of God and the fulfilment of God's promises in the Old Testament. Christians believe that Jesus came to earth to die for people's sins so that his followers can be forgiven and live forever with God.
Outcomes	See Appendix 1 for Stages 1–3

Term 2	God's big promises
Unit/Topic	God's promises to Abraham point to Jesus.
Duration	Term 2 (1–10 weeks)
Focus	Students will learn about people in the Old Testament who received promises from God, starting with Abraham. The study of Abraham, and God's promises to him, enables students to become familiar with biblical theology concepts. These concepts help them to come to an understanding of how the whole Bible fits together and how all God's promises are ultimately fulfilled in Jesus. Students will identify God's big promises to Abraham and appreciate that God's promises can be trusted. Students will discover that God's promises to Abraham are not solely for Abraham, or Israel, or even people in New Testament times, but for all who trust and follow Jesus. Those who are followers of Jesus are also children of Abraham and therefore children of the promise. The Bible teaches that Jesus has fulfilled God's promises and this term's lessons will help students to realise what it looks like for people to trust in God's promises today.
Outcomes	See Appendix 2 for Stages 1–3

Term 3	God keeps his promises
Unit/Topic	Jesus is the fulfilment of all God's promises in the Old Testament.
Duration	Term 3 (1–10 weeks)
Focus	Students will continue to learn about people in the Old Testament who were recipients of God's promises. Students will recall God's big promises to Abraham and recognise which promises had been fulfilled up to this point in the Old Testament. Students will learn about Moses and how God used him to keep his promises to Israel. Moses was a reluctant leader but, together with Aaron, he rescued God's people and led Israel toward God's Promised Land. Students will discover the events that transpired during this period of time, particularly the faithlessness of Israel and the faithfulness of God, and they will meet faithful Joshua, who led Israel into Jericho. Students will continue to develop their understanding that God is trustworthy and his promises are for all who trust and follow Jesus as their Lord and Saviour. Specific lessons in this unit focus on how Old Testament events point to Jesus, who is the author and perfecter of Christian faith, and the fulfilment of all God's promises.
Outcomes	See Appendix 3 for Stages 1–3

Term 4	God's promise for the world
Unit/Topic	God keeps his promises and blesses the whole world through the gospel of Jesus.
Duration	Term 4 (1–10 weeks)
Focus	Students will learn that God is faithful and ultimately fulfils his promises to Abraham in Jesus. Students will develop their understanding of the gospel by reading through specific sections of the book of Romans. Students will discover that the Bible says that all people are sinful. Jesus died on the cross and rose again to bring forgiveness and as a result, his followers, who love and trust him, will live with God in heaven forever. Students will also investigate the difference between earning God's acceptance (which cannot be done) and accepting God's offer of salvation as a gift.
Outcomes	See Appendix 4 for Stages 1–3

Connect C Scope and sequence

Term 1	God's great kingdom plan
Unit/Topic	God is the King and calls people to live under his leadership.
Duration	Term 1 (1–10 weeks)
Focus	These lessons will enable students to begin developing their understanding of God as King from the Bible. Students begin the term by investigating Samuel as one example of a judge that God sent to lead his people. Students will comprehend that leadership is essential but that the quality of leadership is just as important. When the Israelites wanted a king they were actually rejecting their true king, who was God. Students explore what it means when the Bible says that God looks at a person's heart and not at their outside appearance and behaviour through reading about, and contrasting, King Saul and King David. Students also remember from the Bible that God is a keeper of promises (see CEP's *Connect* B cycle), and are able to see how God fulfils his plans for his kingdom, culminating in King Jesus.
Outcomes	See Appendix 1 for Stages 1–3

Term 2	Remember God is King
Unit/Topic	God's kingdom plans continue with some people rejecting and others accepting his kingship.
Duration	Term 2 (1–10 weeks)
Focus	Students continue developing their understanding of God as King from the Bible. Beginning with Solomon and his request for wisdom in order to lead the people of Israel well, students will be able to describe the type of person that the earthly king of God's people needed to be. They also learn about the temple Solomon built, which was a visible demonstration of God's presence with his people. Students then examine the historical downfall of Israel which resulted in the division of the kingdom, the eventual exile of Northern Israel, from which they would never return, and the exile of Judah. By focusing in on key figures in Judah such as King Josiah, Daniel and Nehemiah, students discover how the Bible shows that God is in control and that all his promises and plans point to King Jesus.
Outcomes	See Appendix 2 for Stages 1–3

Term 3	The Kingdom's King
Unit/Topic	Jesus is the Christ, the promised King, who offers life in his name for all who have faith in him.
Duration	Term 3 (1–10 weeks)
Focus	This unit will enable students to build upon the content of Connect C1, whereby they discover more about Jesus, whom the Bible describes as God's chosen King sent to rescue his people from their sins. Students will investigate the events described throughout John's Gospel and understand how these events point to Jesus as the Christ. Beginning with Jesus' first public miracle, students then examine Jesus' other miracles, such as when he healed a man who was paralysed. Jesus also healed an official's son even though he was in a different location, and provided food for more than 5000 people from two fish and five loaves of bread. Finally, Jesus demonstrated his power over death by raising Lazarus and ultimately revealed his divine kingship by rising from death himself to save his people from their sins. Students will also consider modern-day responses to Jesus' death and resurrection.
Outcomes	See Appendix 3 for Stages 1–3

Term 4	Living in God's kingdom (Being a Kingdom Kid)
Unit/Topic	The Bible shows God's people how to live under Jesus as King here and now.
Duration	Term 4 (1–10 weeks)
Focus	These lessons will enable students to explore what living as a follower of Jesus would look like for a child their age. Students begin the term by learning a clear gospel outline, and consider responses to the good news about Jesus. They are then given multiple opportunities to read the Bible and discover what kinds of activities a Kingdom Kid engages in. To start with, a Kingdom Kid reads God's word and understands that it contains God's instructions about how to live his way—the best way, according to the Bible. Students explore what it looks like to pray to God, thank God and honour God. Through various modes of instruction students also learn about the value of meeting together with other Christians and what the Bible says about Christians telling others about Jesus. Students look closely at Paul and Silas, who were joyful through trials, and the unit concludes with Jesus, the true King at Christmas.
Outcomes	See Appendix 4 for Stages 1–3
